Spot Marron

[NL]

Dit is een cleane naakte spot met een technische uitstraling. Door het basic design is deze collectie de meest prijsgunstige in de categorie van de richtbare spots. De betrouwbare lamphouder BA15D en de metaalkleurige lamp worden zonder omhulsel volledig in het zicht geplaatst. De marron kan naar keuze worden uitgerust met een LED lamp AR70 of met een halogeenversie van 20 of 50 Watt. De bundel kan gekozen worden in 8° en 24° en heeft een antiverblindende afscherming. Dankzij de keuze in wattage en richting kan u het licht helemaal afstemmen voor elke toepassing apart en zo een optimale sfeer creëren.

[FR]

Voici un spot propre et net, à l'aspect résolument technique. Le design basique de cette collection en fait le moins cher des spots orientables. Le support de lampe fiable BA15D et son couvercle métallique en font un objet discret. Le Spot marron peut être équipé, au choix, d'une ampoule LED AR70 ou d'une version halogène de 20 ou 50 watts. Le faisceau peut être réglé à 8 et 24° et dispose d'un revêtement anti-éblouissement. Grâce au réglage de la puissance et de la direction de la lumière, chaque applique peut être personnalisée. On peut ainsi créer une atmosphère optimale.
