Spot Fleure Twin

[NL]

Tweelingbroers horen onafscheidelijk te zijn. Daarom worden er bij de Fleur Twin-collectie twee kleine tulpvormige Fleur-spots op scharnier samen op een Y-stukje geplaatst. Hierdoor kunnen we nog meer kleine accentjes werpen dan met de enkele fleur. Hoe meer we spelen met het contrast tussen licht en donker, hoe mooier en gezelliger het geheel zal worden. Nu nog eventjes zacht dimmen, en uw sfeer is onovertreffelijk.

Les frères jumeaux sont dits inséparables. Par conséquent, dans la collection Fleur Twin, deux petits spots en forme de tulipe Fleur-spot sont placés ensemble sur une pièce en forme de Y. Cela produit encore plus de tonalités qu'une fleur unique. Plus nous jouons avec le contraste entre la lumière et l'obscurité, plus l'ensemble sera beau et amusant. Baissez encore l'intensité, et votre ambiance sera d'autant adoucie.

Twin brothers should be inseparable. That is why the Fleur Twin collection has two small tulip-formed Fleur spots hinged together on a Y piece. In this way we can throw in even more little accents than with the single Fleur. The more we play with the contrast between dark and light, the more beautiful and cosier everything will become. Now just gently dim and your atmosphere will be unbeatable.

Zwillingsbrüder sollten unzertrennlich sein. Darum werden bei der Fleur Twin-Kollektion zwei kleinere tulpenförmige Fleur-Spots auf Scharnieren zusammen auf einem Y-Teil montiert. Dadurch können wir noch mehr kleine Akzente legen als mit der einfachen Fleur. Je mehr wir mit dem Kontrast zwischen hell und dunkel spielen, desto schöner und gemütlicher wird alles. Nun noch leicht dimmen und Ihre Stimmung ist nicht zu überbieten.
